

Reading Log

Name: _____

Reading Log: Make sure you record your progress as you read **throughout the summer**. This log is designed to keep you accountable for your reading and will make up a portion of your summer reading grade. The log must be turned in the first day of school along with the answers to your questions for the second book you chose from the reading list.

Requirement: Read at least **10 hours** throughout the summer. Read the **report book first**, the **required book second** and then any other books you need to fulfill the time requirement. By reading at least 30 minutes a day at least 2 times a week, you will meet this goal. You should write at least one sentence responding to what you've read. You may reproduce this table as many times as necessary. Have one of your parents sign **each time** you read; you must have your **parent's signature each time** in order for you to receive credit for that day's reading.

Reflection: Your reflection should be more than just one or two words. Consider these options.

1. Predict: Guess what might happen next
2. Explain: Write in your own words the main idea of what you've just read
3. Connect: Describe how something similar happened to you or how this is like another book you've read
4. Appreciate: Write why you enjoyed this section of the book
5. Suggest: Share something that could make this section of the book more enjoyable
6. Create: Describe how you could make this book into some other form (movie, poem, commercial, etc.)
